

# **World Metrology Day Celebration - 2021**

National Measurement Laboratory

Measurement Units, Standards & Services Department (MUSSD)

Homagama 10200, Sri Lanka

MUSSD, being the National Metrology Institute in Sri Lanka celebrates the World Metrology Day 2021. Due to the prevailing situation of COVID 19 pandemic, the celebration is restricted to an online event.

An online conference on the Metrology Day celebrations was organized on 20th May 2021 with the aim of opening a technical and management platform for District Secretaries to update on the scope of the MUSSD. This conference mainly focused on the revision of the SI unit system, dissemination of metrology services to the health sector in Sri Lanka, and infrastructure development of the district metrology network (especially legal metrology). Participations include the Hon. Minister of Trade, Secretary to the Ministry of Trade, Director of MUSSD, Heads of metrology divisions and all metrology staff of the National Measurement Laboratory, District Secretaries (Heads of District Offices), and the Verification Officers doing legal metrology functions.
